**Concerned Women for America Legislative Action Committee
Endorses Steve Roberts for Kansas State Board of Education Member**

Mr. Roberts is a strong local control advocate for Kansas schools.

Topeka, Kansas - Today Concerned Women for America's Legislative Action Committee (CWALAC) endorsed Steve Roberts for Kansas State Board of Education Member, District 2.

Barbara Saldivar, Kansas State Director of CWALAC, was excited to announce the endorsement, "Steve Roberts has served Kansas as a member of the State Board of Education faithfully since the beginning of 2013. He is a licensed teacher in Kansas with endorsements in secondary math, physics and earth/space science. You could not find a better person for this position. He has been a great asset in helping to draft new math standards. If adopted, these superior standards will grant individual teachers more local control in their pursuit of teaching math."

Saldivar continued, "Kansas is very fortunate to have a man of proven quality to carry our vision for high educational standards on the Kansas State School Board. We are confident he will reflect our conservative views as he makes decisions which will be reflected in education across our state."
